

St. Joseph School Bulldogs News

April

Principal Newsletter

April, 2nd 2025

Where did the year go? Seems like just last week we were setting up the classrooms for the students first day, then I'm sure a week later we were preparing for the Christmas program! It is truly amazing how fast the year goes by. As we look towards summer break we must continue to remind our students that grades go until the last week of school. Fourth quarter sometime feels like it can take forever for the students as they long to be outside enjoying the Missouri summer. Please continue to drill those math facts, practice cursive, and work on reaching new heights in AR with your student until the very last day of school and really all throughout the summer.

April and May are full up with so many amazing opportunities for our students; from Field trips to saying goodbye to our outgoing 8th graders. Be sure to watch that schedule as there is always something going on as we make our way to field day.

Below we have had many champions of sports this year in the bulldogs in the now section. Both boys and girls achieved high goals in their championships. We also saw Wyatt Dorge winning 1st place at state Archery for his grade level, out scoring over 2000 of his peers. GO BULLDOGS!!

Happy Birthday Father Schrader!
